

FOX SALES CHALLENGE

Speed Sell

Prepare a 90-second elevator pitch to company representatives from the company of your choice. Your speech should introduce you, your major and graduation date. Touch on what you have learned about the company that is of interest to you. Highlight what skills or knowledge you have that brings value to the company and why you should be hired. A 90-second question-answer session follows. Come prepared with a resume or business card to hand to the four company representatives.
